MILITARY LEAGUE.

CAVALRY NINE ARE CHAMPIONS

MARINES FINISH SECOND IN
SERIES AND N. G. H. THIRD

Barry's Beasts (1) Way Down in List—The Leilehua Men Elated Over Victory—Fort Shafter and Ruger, Fifth and Sixth.

It seems strange to see the two teams drawn from the National Guard occupying such a low position at the finish of the Military league series. The Hospital Co., once Barry's Invincible Beasts—are fourth on the list, and the regular N. G. H. team is third. The Fifth Cavalry won out in the competition, and the Marines got into second place. Fort Shafter and Fort Ruger finished fifth and sixth, respectively. The final standing of the teams was as follows: Cavalry, 733; Marines, 625; N. G. H., 571; Hospital Corps, 461; Fort Shafter, 352; Fort Ruger, 266. Thus have the mighty Beasts fallen, and from occupying the position of champions, now rank away down in the list.

Last year the Hospital Co. won all before them, and they certainly played great ball. None of the other teams had a chance against them, and they walked away with every match. This year they never got going properly, and owing to a number of reasons did not show up well at the finish.

The Fifth Cavalry did well from the start, and during the whole season only lost four games. They won eleven out of fifteen, and played good ball all the time. In Bell and Robinson the Cavalry have a fine battery, and much of the credit of their winning the championship must be given to these two men.

The Marines, in getting second in the Service series, did remarkably well, and the showing they made is a credit to them. Peyton did a lot of pitching during the season, and he also played on the Marine nine in the Athletic Park series. He has improved a lot in his box work and is getting better every day, and the half-wets are lucky to have a man like he is to take the place of Gibson and Hines.

There was great rivalry between the Hospital Co. and the N. G. H. nines. At first it was thought that the Beasts would easily beat the regular Guard nine, but as the season went on it was seen that the Barry bunch had not much chance of climbing high up in the list.

Fort Shafter did not intend to take part in the series at first, but after a while were induced to come in. Boloun, their pitcher, did good work for his side, but try as they could, the Shafter's could not do any better than win six and lose eleven games. The Shafter's are noted for their "never say die" spirit, and they deserved a better fate than to finish fifth in the competition. Fort Ruger showed pluck in getting into the series, and they will do better next season, when they have more

COMING EVENTS.

Secretaries and managers of athletic clubs are invited to send in the dates of any events which they may be getting up, for insertion under the above head. Address all communications to the Sporting Editor, Bulletin.

time to practise. They won four games and lost eleven.

The Military boys play clean ball, and it is to be hoped that next season they get down to work early, and that the public patronize the games better than they did during the past season.

There is some talk of a Married vs. Single cricket match to be played on August 6 at Makiki. Such a match would be interesting, and some good play should be seen.

Tomorrow afternoon at the Athletic Park, the Wasedas will go up against the Oahu College Alumni, and a great game should result.

ROWING.

GETTING READY FOR REGATTA

BIG PROGRAM FIGURED
ON FOR SEPTEMBER

Healan's and Myrtles Will Once More Try Conclusions—A New Barge Has Not Arrived for Healan's—Old One to Be Used.

There are signs of great activity in rowing circles and a strong revival in both the Myrtle and Healan boat clubs. The regatta which is to come off in September is the cause of the stir, and on Monday next the crews of the two clubs will start active training.

The Healan's turned the tables on their old opponents last time they met and the Myrtles are determined to reverse the decision at their next meeting. The Healan's have lost the services of their captain, Lloyd Conkling, and he will be much missed. It was he that took charge of things some time ago and quickly got the younger members of the club going well. It was a great scene when the Healan's won last time and Conkling came in for a lot of congratulations from friends and supporters of the Healan's.

Bert Heilbron will hold down the position of captain of the Healan's, and a real good man he is for the job. He was captain in 1906, and has always been a prominent member of the club.

The Healan's will rely upon their old six-oar barge as the new one will not be here in time for the regatta. However, the old Healan has been remodeled and is expected to carry the Healan's boys to victory.

There is a strong probability of the shell races being revived also, and it is to be hoped that they are, as they are most interesting. There are a large number of men in training at present and every afternoon a bunch of oarsmen are out on the water. Over thirty freshmen are taking to the game like ducks to water, and a fine lot of young men will soon be ready to throw down the gauntlet to the Myrtles.

The regatta is always a great day's sport, and the scene on the harbor and at the two boatsheds a beautiful one. The Myrtles won everything for a number of years, and the public got tired of seeing the broom elevated on the flag pole at the Myrtle shed. Then the last time some races were brought off, the Healan's came out and won. There was joy at the headquarters, and it was then that Lloyd Conkling was overwhelmed with congratulations.

Rowing is the most healthful sport of all, and once upon a time there used to be much more done than there is at present. Still, there has been a revival of the sport, and the men who have taken hold of it have indeed done a lot to keep things going in good shape.

INTERNATIONAL GOLF WILL BE PLAYED

Australian Experts to Visit United States—The Tennis Men to Go, Also.

International golf will receive a great boom in this country next season, when a team representing Australia, and headed by Dr. F. G. Brathwaite, the American vice-consul, who will act in the capacity of manager, visits here. In addition to the golfers there will be at least two lawn tennis players in the party.

Considerable correspondence has gone on between the two countries, and a warm welcome for the visitors is assured. The United States Golf Association was communicated with, and Robert C. Watson, the secretary, has written Dr. Brathwaite proposing that the Australians compete against an American team the week immediately preceding the amateur championship tournament of 1911. That this proposal will meet with favor there can be no doubt, for Dr. Brathwaite has written to know when and where next year's fixture will be held.

It is now planned for a team to visit this country early next summer and tour America from coast to coast, taking part in team matches and tournaments, but arranging the schedule so as to take in both the amateur and open championships. The personnel of the Australian team as made up at present consists of eight golfers and two lawn tennis players, but it is possible that this number may be increased.

Among the visitors will be Michael Scott, the amateur champion of Australia and open champion of New South Wales and Victoria. He is a brother of O. Scott, who has been runner-up in the amateur championship tournament of Great Britain. Next on the list is Clyde Pearce, who has been both open and amateur title holder of Australia.

A left-handed golfer named Felstead, who recently broke the record for the course of the Royal Melbourne Club, will also come. Last year Felstead won the open championship tournament of Australia, beating all the professionals. Another equally well known golfer booked for the trip is Duncan, five times champion of New Zealand and runner-up in the Australian amateur tournament in 1908.

Bruce Pearce, an 18-year-old lad with many victories to his credit, will be a member of the team. He is champion of Tasmania and South Australia, and altogether he holds no less than 13 minor championship titles.

CORDELL AND CORNYN BOX TOMORROW NIGHT

Both Men in the Pink of Condition and Ready for Contest—Two Preliminaries Arranged For.

Tomorrow night at the Aloha Park three fine boxing bouts will be pulled off, and the main event, between Jack Cordell and Pat Cornyn, should be one of the best ever brought off in this Territory. Both men are anxious for the fray, and both think that they can win. That is a good sign, and the result should be a fine contest that will please the fans. Cordell has eased up in his work and today will only do some shadow sparring and medicine-ball throwing. He looks in the pink of condition and is ready to fight for his life. Cordell wants to make good this time, and he will certainly make Cornyn extend himself.

Pat has also wound up his hard work and will take things easy today. He feels fit as possible and will step into the ring tomorrow night as well as hands can make him. The go should be a beauty, and it will be willing from the first tap of the gong.

There will be two preliminaries, and the first will be between two unknowns, who will hit it up for four rounds. Then Bugler Sarconi and Madison will step into the ring, and a fine battle should be fought. Sarconi is putting on weight and is stronger now than he used to be. Madison is a clever boxer and he will make things interesting for the Bugler while he is in the ring.

Fukabori leads in the batting averages of the Waseda team, and his figures are .333.
